An Update on Falun Dafa Worldwide

VOLUME 2 ISSUE 17 MAY 2, 2007

Further Details about Mr. Sun Youlin, Beaten to Death by Police

(Clearwisdom.net) On December 28, 2004, the murder of Sun Youlin was exposed in a report on Clearwisdom.net, "Police in Anshan City, Liaoning Province abduct practitioner Ms. Wu Yuqin and beat her husband to death" (<http://www.clearwisdom.net/emh/articles/2005/2/15/57565p.html>). However, it was not until recently that we learned that her family has been brutally persecuted by the police for seeking justice.

On November 3, 2004, police from the Qianshan District Police Department of the Anshan City Police Department in Liaoning Province arrested Falun Gong practitioner Wu Yuqin. On November 7, Ms. Wu's husband Sun Youlin (a non-practitioner), a retired worker from Yanqianshan Iron Mine in Anshan, went to the police office to look for his wife. The police created difficulties for him, and they had a quarrel. Instigated by Political Security Section Head Zhang Guocheng, several policemen beat Sun Youlin violently. They dented the back of his head and shocked his whole body with electric batons. Mr. Sun died as a result.

Police officers from the Qianshan District destroyed the crime scene by moving Mr. Sun's body to another place and faking the cause of death. They went to the funeral parlor privately and secretly to deal with Mr. Sun's body, in an attempt to cover up the truth. The Police Department claimed that Mr. Sun was injured and died because of a fall from a bench. The Procuratorate also conspired with them in the coverup.

The lawless persons in the Qianshan District Chinese Communist Party Committee and government were afraid of the truth being let out. So during the litigation period, they cremated Mr. Sun's body without authorization.

Both the municipal and district level Procuratorate kicked the ball back and forth, refusing to accept the case or conduct any investigation. Only after one-and-a-half months of numerous appeals by Mr. Sun's family did the Qianshan District Procuratorate reluctantly accept the case. But they didn't try to find out the truth. Instead, they bent the law and shielded one another, in collusion with the Qianshan Police Department. They even colluded with medical examiners to hide the truth. Qianshan District Political and Judiciary Committee Secretary Zeng Xianming, chief prosecutors Xu Xiujuan, Shen Zhiqi, Li Mingjie and others, together with the city Procuratorate and other related department heads, collaborated with one another to protect the perpetrators and bury the crime.

In addition, the Qianshan District Political and Judiciary Committee and the Police Department dispatched personnel to threaten, intimidate, monitor and follow Mr. Sun's family members, putting their personal freedom and safety at risk. Sun Yonghai and Sun Yongjiang, two sons of Mr. Sun, went to Beijing to appeal on behalf of their father. But the Anshan City Police Department fabricated various false charges and sent them both to one year and nine months of forced labor. They still suffer in the labor camp today.

Introduction to Falun Dafa

Falun Dafa, also known as Falun Gong, is a practice for benefiting physical health and elevating the mind. Introduced by Mr. Li Hongzhi in China, the practice consists of five gentle exercises including meditation, and diligent effort on the part of practitioners to follow the universal principles of Truthfulness-Compassion-Forbearance in daily life. Falun Gong is not only beneficial to one's own health and well-being, it also benefits others. Although the practice originated in China, today it is practiced throughout the world by people of all races and walks of life. In the face of the most brutal and vicious persecution perpetrated on them by the Chinese Communist Party, Falun Gong practitioners have found the spiritual strength to resist peacefully and tirelessly by upholding the principles of Truthfulness-Compassion-Forbearance.

Falun Gong Practitioners Rally in Russia to Call Upon Russian Government Not to Bow to CCP Pressure

(Clearwisdom.net) On April 9, 2007, practitioners rallied on the streets of Saint Petersburg to call on the Russian government not to bow to pressure from the Chinese Communist regime at the expense of human rights. The practitioners urged the government to not act as an accomplice to the persecution.

Practitioners explain the facts of the persecution to passersby in Saint Petersburg. People signed the petition to demand human rights for Falun Gong practitioners.

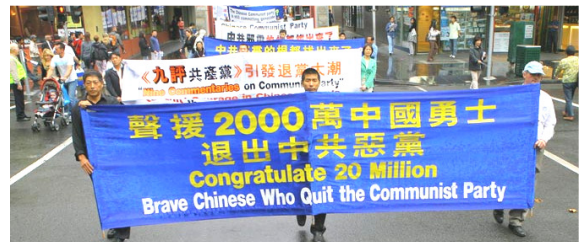

Recently, bowing to pressure and enticement from China's communist regime, the Russian government has repeatedly behaved poorly in dealing with Falun Gong issues. Three years ago, the Moscow authorities designated the square in front of the Chinese Embassy as a restricted area, and any activities for which Falun Gong practitioners applied for permission to hold there were denied. Individual practitioners who staged protests in front of the Chinese Embassy were arrested. Russia's laws stipulate that there is no application needed for individual protests, yet this civil right was violated by the police.

On March 28, 2007, Chinese special agents colluded with their Russian counterparts to abduct U.N.H.C.R. refugee Ma Hui and her daughter, and secretly deported them to China. Several Russian organizations and more than ten local media have condemned the Russian government over this action. The U.N. High Commissioner for Refugees also sent a letter asking the Russian government to provide an explanation.

"Thank You for Helping Me Quit the CCP"

(Clearwisdom.net) Several days ago, I visited Mr. Sun. I told him about the book, the *Nine Commentaries on the Communist Party*, explaining that millions of people are quitting the Chinese Communist Party (CCP). He told me about events he had witnessed years ago. In his elementary school, there was a teacher who was very kind and responsible to the students. During the Cultural Revolution he was labeled as the "Stinking Ninth" (a category of "class enemies" next to landlords, reactionaries, spies, etc.; an abusive term by ultra-leftists for teachers and other educated people during the Cultural Revolution, 1966-1976). He was once ordered to recite Mao Zedong's three articles. Out of nervousness, he stuttered and mistakenly said, "everyone in the village died" instead of "someone in the village died." Because of this mistake, he was paraded through the streets and criticized and denounced publicly. He eventually died from physical punishment and torture.

"I also remember a farmer who was illiterate. When he was ordered to recite Mao's three articles, he mistakenly said 'Revolution is either a party or a dinner' instead of 'Revolution is neither a party nor a dinner.' He was jailed for many years because of that. The CCP often falsely accuses innocent people of heinous crimes and then suppresses them... Everything in the *Nine Commentaries* is true."

I told Mr. Sun: "The CCP has killed 80 million people in less than 60 years. Heaven will eliminate the CCP soon. Let me help you quit the CCP now so you won't be tied to it when the catastrophe comes." He agreed immediately, "I wanted to quit a long time ago but didn't know how. Thank you for helping me quit!"
