## An Update on Falun Dafa Worldwide

VOLUME 6 ISSUE 19 AUGUST 1, 2011

### The Persecution Suffered by Retired Teacher Ms. Tian Sufang before She Died

**(Clearwisdom.net)** Ms. Tian Sufang, a 74-year-old retired teacher, lived in Chifeng City in Inner Mongolia. She started practicing Falun Dafa in 1996. After Falun Gong was suppressed by the Chinese Communist regime in July 1999, Ms. Tian was arrested and tortured numerous times. As a result of the ongoing persecution, she passed away on March 15, 2011. The following is a partial account of the persecution that Ms. Tian experienced:

When the persecution began on July 20, 1999, I was illegally arrested by police officers while taking a walk in the park. I was detained for one day. Many practitioners were arrested that day. Some practitioners were beaten until they were injured and covered in blood. One practitioner was beaten until his forehead was disfigured.

In October 2000, police officer Zheng Enwei broke into my house, ransacked my things, and took me to the Changqing Police Station. There I saw many fellow practitioners, including Ms. Zhou Caixia and Ms. Yuan Shumei (both of whom subsequently died due to the tortures they suffered). Zheng extorted 3,000 yuan from my family before releasing me.

In June 2000, the police barged into my house and took me back to the Domestic Security Division. I was handcuffed and the cuffs cut deeply into my wrists, cutting through my flesh and exposing the bones. At night, I was shoved to the ground and forced to kneel down. I was released after they extorted 3,500 yuan from my family.

On February 11, 2003, I was arrested again by agents from the Hongshan District Domestic Security Division. They interrogated me for eight days and ordered inmates to slap me until I lost consciousness. I was then sent to a detention center. On February 28, 2003, I saw Ms. Zheng Lanfeng just before she died as a result of torture. As she lay dying, her hands and legs were still shackled. Her entire body was covered with bruises and wounds. Ms. Zheng's family was given several thousand yuan to silence them and her body was hastily cremated to hide the evidence of the torture.

Guard Bai Gula extorted a large sum of money from my family, then released me on medical parole. However, guard Deng Liyan wanted me dead because I knew how Ms. Zheng Lanfeng had died, so I was again arrested and taken to the detention center. After ten days, I was illegally sentenced to five years in prison and sent to the Inner Mongolia Women's Prison. I was tormented there for five years.

I finally returned home on August 31, 2007. I have been persecuted for over ten years. My house was ransacked countless times. In August 2003, the Hongshan District Education Bureau unlawfully stopped my pension payments. Thus, I lost my source of income.

My family and relatives have also been harassed. Even my pregnant niece was arrested and taken to the police station. She was so traumatized by the experience that she had a miscarriage.

### Introduction to Falun Dafa

Falun Dafa, also known as Falun Gong, is a practice for benefiting physical health and elevating the mind. Introduced by Mr. Li Hongzhi in China, the practice consists of five gentle exercises including meditation, and diligent effort on the part of practitioners to follow the universal principles of Truthfulness-Compassion-Forbearance in daily life. Falun Gong is not only beneficial to one's own health and well-being, it also benefits others. Although the practice originated in China, today it is practiced throughout the world by people of all races and walks of life. In the face of the most brutal and vicious persecution perpetrated on them by the Chinese Communist Party, Falun Gong practitioners have found the spiritual strength to resist peacefully and tirelessly by upholding the principles of Truthfulness-Compassion-Forbearance.

### About Clearwisdom

Clearwisdom.net is the most authoritative source of information about the practice of Falun Gong and about the persecution of Falun Gong in China, reporting timely news and events happening inside China as well as from the more than 100 countries around the world where Falun Gong is practiced. Clearwisdom responsibly publishes the experiences and understandings of practitioners themselves, who submit the majority of the articles.

## Poland: Falun Gong Welcomed in Ancient City of Krakow

**(Clearwisdom.net)** On June 25 and 26, 2011, Polish Falun Gong practitioners traveled to the medieval city of Krakow in southern Poland to introduce the practice of Falun Gong. They first stopped at Krakow Central Railway Station Square, where they unfurled a banner reading "Falun Dafa in Poland" and displayed posters introducing Falun Dafa. Then they began doing the Falun Gong exercises as a group.

Many people came to watch the exercise demonstration. As people read the displays, they were surprised to read that the Chinese Communist Party (CCP) has been carrying out a brutal persecution of Falun Gong in China for more than twelve years. Many local people and visitors signed the petition calling for an end to the persecution.

A young couple listened to an introduction about Falun Gong, after which one of them declared, "I will bring the three words, Truthfulness-Compassion-Forbearance, to my friends. They are such good principles!"

After a long conversation with a Falun Gong practitioner, a young man picked up the book *Bloody Harvest*, which exposes the CCP's organ harvesting from living Falun Gong practitioners. He said, "I was going to a party with my friends, but I will let my friends go without me so that I can read this book carefully."

One woman carefully read a Falun Gong flyer while walking. She hurried back a few minutes later and took more leaflets for her friends.

## The Happiness of a New Life

**(Clearwisdom.net)** In early 2008, I was diagnosed with a cancerous gastrointestinal stromal tumor. I survived by practicing Falun Gong. Now the symptoms have disappeared and I am healthy, enjoying each and every day.

In October 2008, I had surgery at the hospital affiliated with China Medical University. After the surgery, I spent a lot of money on medication. The medication did not have any effect and I showed no improvement. One year later, I went to the hospital to have a follow-up test and found that the cancer had metastasized to the lung. I had trouble breathing and had intolerable pain all over. I felt I had reached the end of my life. I received treatment at China Medical University, Peking Union Medical Hospital and the Beijing Tumor Institute. The doctors told me that the cancer was unlikely to be cured.

In the middle of September 2010, I was fortunate to meet an older Falun Dafa practitioner. She gave me the book *Zhuan Falun*, which contains the principal teachings of Falun Dafa. The more I read, the more enlightened I became. Since then, I have tried to follow the teachings and do the exercises every day.

Ten days later, I began to have diarrhea. Every day, I had diarrhea four or five times without pain. At night I felt back pain and stomach pain. At first, I thought that the disease had worsened. Later I realized that this was a good thing, that my body was being cleansed through practicing Dafa. This happened continuously over the course of twenty days. I did not take any medication at all during this time. Now, six months later, all the symptoms of cancer have disappeared and I am very energetic. My family is very happy!
